

Managing Director, HR Operations

Position Summary

ABOUT PHMC

[Public Health Management Corporation](#) (PHMC) is a non-profit public health institute that builds healthier communities through partnerships with government, foundations, businesses, and community-based organizations for 50 years. While combining the mission-driven perspective of a nonprofit with the fiscal and management capabilities of a rigorous corporate structure, PHMC serves its clients with unique programs to provide a continuum of public health services in a wide range of fields. PHMC runs programs directly as well as through its subsidiaries across the city, state, region, and country. PHMC provides outreach, health promotion, evaluation, research, planning, technical assistance, and direct services. This comprehensive suite wraps services around individuals and families in the neediest communities.

ABOUT THE OPPORTUNITY

Reporting to the Chief People and Inclusion Officer, the newly created role of Managing Director of Human Resources Operations (MD) will provide operational direction and leadership in support of PHMC's strategic plan. Working closely with the Chief People and Inclusion Officer, the MD will help build and implement a strategy to build HR Operational excellence to meet the growing business and operational needs of the organization. This senior position will be responsible for managing HR projects as well as day-to-day operations and managing department priorities.

PHMC recognizes the advantages of a diverse workforce achieved through a commitment to equal employment opportunities. We are an Equal Opportunity Employer Minorities/Women/Protected Veterans/Disabled
